

CAPABILITIES STATEMENT

QuantumMark is a certified Women Owned Business by the Women Business Enterprise National Council (WBENC). With over 30 years of project consulting experience in both the public and private sector, we excel at quickly understanding our client's current situation, future vision and the gap in between. This allows us to create a holistic project plan that achieves high quality sustainable results. By working in partnership with our client team we transfer skills that increase the capabilities of the organization to tackle new challenges in the future.
